Rachit Bharadwaj

Full-Stack Developer

[+91 7905144331](#) | [Bengaluru, India](#) | [rachitbharadwaj52@gmail.com](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

EXPERIENCE

CodeXcelerate — *Full-stack Web Developer Intern*

FEB 2024 - MAY 2024

- Worked on **AWS** services like **DynamoDB**, **S3** etc for full-stack industry-level projects.
- I built optimized web-applications using trending technologies like **Next.js**, **Tailwind CSS**, **Shadcn** and other relevant technologies.

ELVDRIVE — *Web Developer Intern*

MAY 2023 - OCT 2023

- Worked on multiple projects for various companies, focusing on **React** JS development and other core technologies like **EJS** and **Express.js**.
- Led frontend development, optimizing functionality and performance with React JS.

PROJECTS

● **Devog** — *Full-stack blogs web-app with WYSIWYG text editor*
This blogging web-app leverages primarily **Next.js**, **Tailwind CSS**, **MongoDB** and many other relevant technologies. This robust platform offers full functionality for reading and creating blogs, featuring a user-friendly WYSIWYG text editor.
